PROJECTS

3NF Database Transformation for Academic Course Scheduling - Team Member | Team of 6

[View Project](#)

- Built a robust **3NF Database** from scratch using a basic flat data file for a class group project.
- Utilized SSMS, Azure Data Studio, and Jupyter Notebook using **T-SQL** as the underlying programming language. Created necessary Schemas, Constraints, UDTs, and Stored Procedures to migrate data with relational integrity.

EXPERIENCE

High on Health Vending LLC - **Social Media Manager** | Queens, NY (Remote)

November 2020 - May 2022

- Created and scheduled (**200+**) diverse multi-format content across multiple social media platforms.
- Assisted in organizing promotional events and digital marketing campaigns to enhance brand visibility.

York College Learning Center - **Office Assistant** | Queens, NY

November 2019 - January 2020

- Managed document organization and assisted with daily administrative tasks to support faculty and students.
- Increased office workflow efficiency by handling tasks such as printing, shredding, and organizing files.
